About Us

With over 32 years of expertise in the granite and natural stone industry, our Managing Director brings unmatched knowledge and hands-on experience in granite, marble, quartzite, and sandstone. His deep understanding of the trade has laid the foundation for a company built on quality, reliability, and trust.

We operate three quarries—one in Rajasthan and two in Andhra Pradesh—that provide a consistent and premium supply of granite. For marble, quartzite, sandstone, and other natural stones, we collaborate with partner factories located near ports and major cities, ensuring reliable sourcing, processing, and timely delivery. Actively engaged in trading and distribution, we offer both polished and raw stones to clients across India. From commercial and residential projects to large-scale industrial needs, our materials are tailored to meet diverse specifications with assured quality and efficiency.

Black Fire Granite Kekri – Ajmir District ,Rajasthan

**OUR OWN QUARRY- ROUGH BLOCKS &

MAHINOOR

What We Do

At Mahinoor Rocks, we extract, process, and trade premium granite, marble, quartzite, and sandstone from our own quarries and trusted partner factories. We supply both polished and raw stone for projects of every scale, serving clients across India and the Middle East. Our focus is on quality, consistency, and timely delivery every time.

Factory

Our partnered granite processing factories are located close to major quarrying regions, allowing us to handpick the finest raw materials at the source. These units are equipped with top-notch technology, including advanced multi-blade cutter machines, automatic polishing lines, and precision calibration systems. This enables us to process granite with exceptional accuracy, surface finish, and cutting efficiency significantly reducing production time and cost, while ensuring premium quality at the most competitive price.

Warehouse

We have strategically partnered with granite warehouses across India, located near major ports and within Tier 1, 2, and 3 cities to ensure smooth and efficient distribution. These locations are chosen to provide quick accessibility to a wide range of granite colors and patterns, helping us maintain ready stock and fulfill customer requirements with precision and speed. Our well-planned logistics network ensures timely deliveries while upholding consistent quality for every order.
